Monthly Report

PAR 248

30 Sept 1968

SUBJECT: BPE High-Magnification Lens Set

TASK/PROBLEM

1. Provide one high-magnification lens set (PAR 245) to increase the magnification range of a [REDACTED] Precision Enlarger (PAR 243A) at the customer's facility.

DISCUSSION

2. All parts had been received prior to 1 September, and photographic testing and calibration of the lenses, which had been delayed, was started late in September.

PLANNED ACTIVITY

3. Complete lens photographic testing and calibration.
4. Ship lens set to the customer by 1 November 1968.
